

Please follow the download instructions to gain access to your Adobe License.

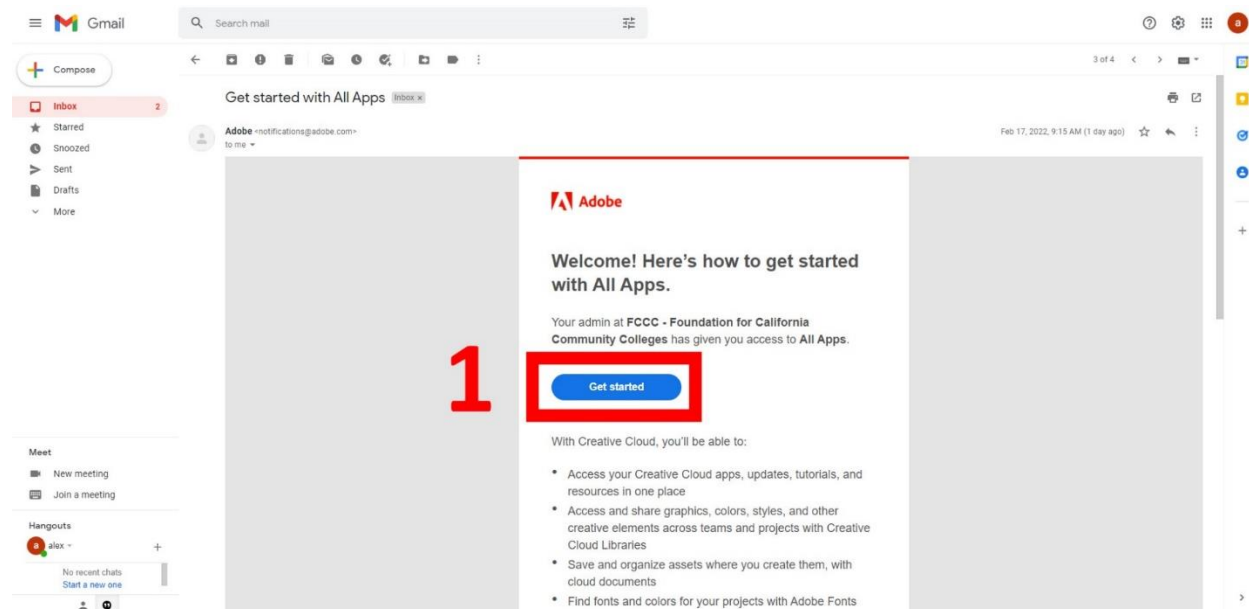

Please read all six steps before continuing as there are important prompts that appear and can cause issues if the wrong option is selected.

If your recent purchase is a renewal before access was removed, you can disregard these instructions and continue using your Adobe Creative Cloud as you were.

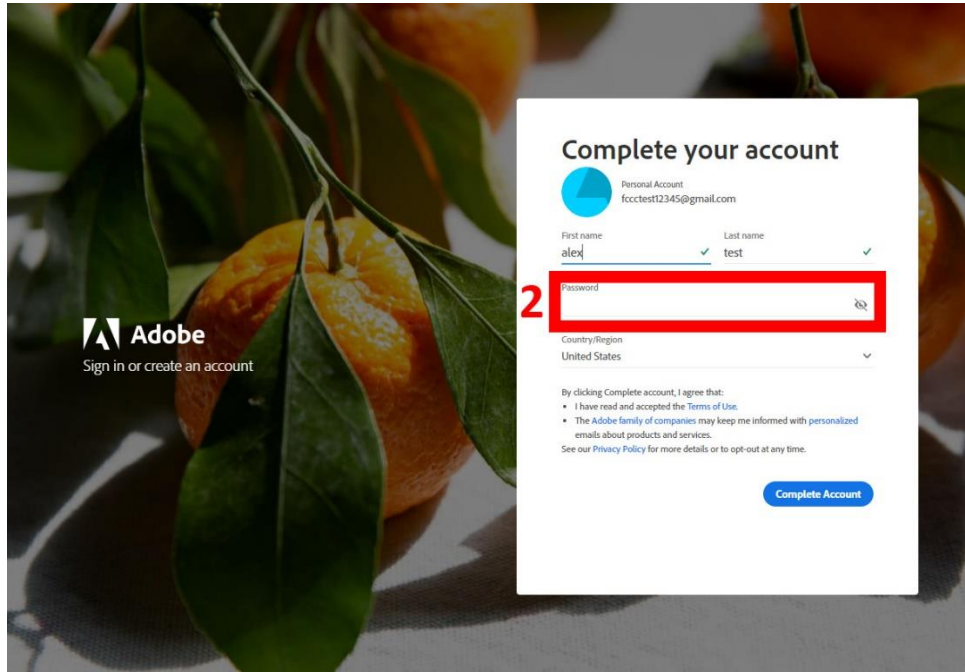

If you already have access to Adobe from school but you purchased your own license, please sign out of the Creative Cloud app and sign back in.
